

BOOKER T. WASHINGTON COMMUNITY SERVICE CENTER & JOHN BURTON HOUSING COMPLEX

📍 800 PRESIDIO AVENUE, SAN FRANCISCO

CLIENT / OWNER

Booker T. Washington Community Services Center

ARCHITECT

Perry Architects, Inc.

DURATION

18 months

COMPLETION DATE

December 2017

SIZE(SF)

68,000

Fisher demo'd the existing building at the corner of Sutter and Presidio to make way for a five-story mixed-use structure which houses a community center, 175-seat gymnasium, a 21-car parking garage, and 50 affordable dwelling units for at-risk youth and low income families. This site is located on the edge of the Western Addition neighborhood presents formidable challenges because of its proximity to the Muni Bus Yard and the nest of overhead bus lines that converge at this congested intersection.
