

PRESIDIO HILL SCHOOL

SAN FRANCISCO, CA

CLIENT / OWNER

Presidio Hill School

ARCHITECT

Pfau Long

DURATION

10 months

COMPLETION DATE

August 2016

SIZE(SF)

7,000

The adaptive re-use of an historic masonry residence in Presidio Heights to classrooms and offices for Presidio Hill school involves seismically strengthening the structure, preserving all historic elements of the building, while bringing into compliance for its future use. The project will join the new property to the existing school building.
