

TIFFANY & CO.

📍 600 PINE STREET, SEATTLE, WA

CLIENT / OWNER

Tiffany & Co.

ARCHITECT

JVC Architects

DURATION

12 weeks

SIZE(SF)

7,800

Storied luxury jeweler, Tiffany & Co., partnered with Fisher to build more than a dozen stores in some of the more prestigious shopping districts in the United States, including this one on Pine Street in Seattle. Some stores were straightforward build outs while others, like the flagship on San Francisco's Union Square, were logistically challenging. As a four-phased, open store remodel, Fisher had to ensure that there would be minimal disruption to shoppers.

MARKET SECTOR

🛒 Retail
